Editorial

Dear Readers

The growth and existence of an institution is recognized by means of the quality evaluative parameters like accreditation and certification by renowned national & international agencies. In this process, NBA peer team visited Swarnandhra College of Engineering & Technology on 21st, 22nd & 23rd June 2024. Swarnandhra College of Engineering & Technology strives to bring out the richness of Indian culture by conducting events such as rangoli in the eve of pongal in the campus. Rangoli is an intricate art evolved in Indian tradition over centuries, capturing the essence of diverse regions and celebrating occasions with its kaleidoscopic brilliance. Organizing such events helps students to remain in close touch with their culture. Rangoli competition provides a platform to the students not only to outshine their creative skills but also allow them to express their artistic abilities and creativity. Participants of this event work in groups, which leads to progress teamwork, cooperation, and effective communication.

Republic Day symbolizes India's transition into a republic country; this day addresses the issues of democratic country, liberated from colonial-era government. The celebration of Republic Day exhibits India's diverse heritage, fostering a sense of pride and unity among its citizens, instilling patriotism and pride. SCET celebrated 75th republic day in the campus on 26th Jan 2024. The Chief Guest Dr. Achyuta Ambarish Mokkarala, Sub-Collector, Narsapur addressed the students and insisted to develop competitive spirit in them.

Swarnandhra aims in pooling diverse skills and perspectives of its students. Clubs create a platform to the professional students to accelerate the level of innovation by centering a collaborative ecosystem approach in building, testing and innovating. It also helps to enable technology agility, typically offering multiple ways to solve problems and communities can evolve software more effectively. In this connection, it initiated clubs such as Open Source Club (SOSSC) in the premises.

The integration of Industry into the operational fabric of Indian industries is poised to amplify the prevalence of AI-powered tools, Automation and Big Data. This disruption leads to dependencies in the domains of Cloud Computing, Data Analytics and Cybersecurity, paving the way for an escalated demand for proficient individuals well-versed in these emerging technologies. To create such industry-ready talents and generate more employment Swarnandhra organizes Industry Skill Integrated Enablement Program to the budding professionals in the premises. Faculty Development Programmes were being organized in the college premises in various departments on different topics such as benefits of outcome based education, Innovative teaching methods etc., to equip teachers with skills and knowledge, which are essential to be a resource person to felicitate knowledge to the young technocrats.

Guest Lectures invokes visibility, a hub for networking, and a stage for personal growth of the student. These lectures provide students with alternative perspectives and opinions that can reinforce the teachings of the instructor. Our management often invites guest lectures by eminent personalities in every department. Besides imparting quality technical education to the students the management of SCET has its own place in turning its students as ideal citizens. Our management strives to turn its students sensible by celebrating and organizing events World Water Day, International Women's Day, Yoga Day, Farewell Day etc. in the premises.

As a part of NSS activity NSS unit of our college organized mega camp 'Healthy Youth for Healthy India' at Turuputallu village from 16th to 22nd Feb, 2024 and organized different activities such as blood tests, dental camp, eye camp, voter awareness programme, mass plantation, plastic against usage of awareness programme and traffic awareness programme.

We express our profound gratitude to the management, the Principal and all the faculty members who have extended their support in releasing this issue of "Swarnakshra". We eagerly anticipate your suggestions and queries. Please do meet us at 'Swarnakshra' @ rediffmail.com.

- Dr. Zehrabi

An educational institute plays a crucial role in shaping a student's future. Not only does this include the provision of education and ensuring learning, but also moulding the character, morals, and value systems of the student as well. An educational institute provides the foundation needed to view the world as a limitless space providing innumerable opportunities to shine.

While we are determined to provide seamless learning targeted towards excellent academic performance through the incorporation of the latest teaching approaches, we also ensure that we are actively working on the physical, social, emotional, and spiritual training of our students. Our faculty are professionally equipped to develop, adapt and modify curriculum content, pedagogy and assessment which suit the needs and aspirations of our students. We work towards a holistic, pragmatic, integrated, student-centred educational system that helps to improve the creativity, critical thinking, and problem-solving skills of our young learners to equip them for the ever-changing employment dynamics and global ecosystems.

I look forward to work together to support every student and wish all our students a happy and successful journey of learning!

VISION To produce global Competent, ethical and dynamic professionals by creating Centre of Excellence in Technical Education for societal empowerment.

- MISSION**
- To Provide quality Education with Knowledge and skills for rural and urban students.
 - To Collaborate the industries with academia for empowering the students to meet global standards.
 - To induce highly ethical entrepreneurship in young minds with good leadership quality for the society.
 - To enhance the institution in Research and Development by human intellectual capability.

ACHIEVERS' DAY CELEBRATION-2024

DEPARTMENT OF CIVIL ENGINEERING

BUILDING THE FUTURE, TODAY

Vision

- ❖ To make the students strong in both technical and practical aspects to meet the national and international requirements

Mission

- ❖ To facilitate the graduates in acquiring technical exposure to create innovative ideas through state of the art curriculum and conducive learning environment.
- ❖ To provide quality education for successful career and higher studies in Civil Engineering that emphasizes academic and technical excellence in profession and research, effective communication, team work and leadership to meet the challenges of the society.
- ❖ To improve the professional skills of the rural students to fulfill the present industry and society requirements.

New trends

Road safety, A myth, do we deserve the status of Developed nation, killing large number of Road users every day? A close view of Car ramming from rear side of a parked truck, near MUNAGALA, Morning reported accident/gross irregular/ irresponsible enforcement agency? A shame, when some of our lawmakers are showcasing DWARAKA EXPRESSWAY is remarkable achievement that our NH is equal to Highways in any Developed nations?

FACULTY FOCUS

Faculty achievement

Dr. A. Venkata Krishna was conferred with doctorate degree for his work on An experimental study on strength and durability properties of ceramic waste concrete.

FDPs Attended by Faculty

Faculty name	Name	Organized by
Dr.A.V Krishna	PALS-VLAB	NITK SURATHKAL at 10 th APR 2024
Dr.A.V Krishna	Maintenance and Repair of concrete structures	NPTEL Jan –Apr 2024
Dr.V Gajendra	PALS-VLAB	NITK SURATHKAL 10 th APR 2024
D. Satish	PALS-VLAB	NITK SURATHKAL 10 th APR 2024
G.Venkata Ramana	PALS-VLAB	NITK SURATHKAL 10 th APR 2024
G.Venkata Ramana	Artificial Intelligence	NITTTR-CHENNAI 29 Jan to 2 Feb 2024

Department Activities

A webinar on the topic "Alternative Eco-Friendly Technologies for Base/Sub-Base Layer In Pavements" was conducted on 16th March 2024.

A webinar on the "Remote Sensing, Gis & Dem for Water Resources Assessment" was conducted on 30th March 2024.

Students' Focus Placements

13 Students got placed in various companies such as KEC, Vamps etc.

Alumni's Voice

I feel fortunate to be a part of Swarnandhra College of Engineering and Technology as I acquired good knowledge by the support of faculty which helped me to get a job in irrigation department.

Donga Hemanth
Site Engineer
(Batch 2017-21)

Student's Voice

I feel proud to be a part of Swarnandhra College of Engineering and Technology. I am thankful to the management, for providing opportunity which makes me to face interviews.

Chaganti Manasa Lakshmi
Reg.No. 19A21A0107

DEPARTMENT OF MECHANICAL ENGINEERING

WE MOULD THE WORLD

Vision

❖ To educate and enrich effective and responsible mechanical engineers to fulfil the needs of industry and society.

Mission

- ❖ To lay a strong foundation of technical knowledge by concentrating on fundamental concepts of mechanical engineering.
- ❖ To develop creative thinking and innovative methods for solving complex engineering problems.
- ❖ To develop team spirit, leadership and professional qualities.
- ❖ To strengthen research abilities in collaboration with industry.

New Trends in Technology

Sustainable Design - Tackles Climate Change

Sustainability has become a pressing concern for society, with climate change threatening massive disruption. Mechanical engineers will play a key role in developing cleaner technologies to reduce environmental impacts. Replacing fossil fuel power with renewable energy will require mechanical engineering expertise. Improving solar panels, advancing wind turbine designs, building utility-scale batteries and transitioning to electric vehicles are all critical focus areas today.

Faculty Focus

Achievement Faculty

Mr P. Satyanarayana Raju was awarded with Ph.D. Degree in Mechanical Engineering for completing his research on "Strength and Thermal Analysis of Sandwich Pipe for Deep Water Applications", from GIET University, Gunupur.

Students' Achievements

- G. Bindu Madhavi, M. Venkata Manasa and M. Sindhuja students of 3rd B.Tech Robotics secured the First prize in Project Expo conducted by Shri Vishnu engineering college for women's BVM.
- B Bhargavi , M Bhavani and G Yugala students of 3rd B.Tech Robotics secured the Second prize in Project Expo conducted by Shri Vishnu engineering college for women's, BVM.
- K Hemalatha, V AnjaniDurga and M Bindu students of 1st B.Tech Robotics secured the First prize in ROBO race competition in the event SANKETA 2K24 organized by SRKR engineering college, BVM.
- Third year Mechanical students secured the Second prize in DRONE competition in the event SANKETA 2K24 organized by SRKR engineering college BVM.

Alumni's Voice

I am delighted to be a part of Swarnandhra, which offers ample opportunities for learning. It also designs curriculum which helps to get insight into latest technological trends. The laboratories are equipped with latest technologies. The college conducts various training programs which benefit the students for their career.
Devarapu Krishnaveni
Batch (2007-2011)
Design Engineer, Tower International, Hyderabad

Student's Voice

I feel very happy to complete my studies in this college as the department has well equipped laboratories updated with latest technologies. Faculty members also teach us with practical examples which helped me in developing my practical Knowledge.
Vanka Rakesh
Reg. No. 20A21A0371

DEPARTMENT OF INFORMATION TECHNOLOGY

We Accelerate the World...We are the future of the Nation

Vision

- To be a premier centre in Information Technology education, research and a source of qualitative, innovative, successful software professionals who cater the needs of industry and society.

Mission

- To provide outcome based education through well- designed curriculum, innovative teaching, collaborative learning and industry interaction.
- To promote state-of-the-art research facilities and consultancy in the thrust areas of Information Technology.
- To impart the necessity of continuing education in order to grow proficiently in the focused areas.
- To inculcate professional behavior, leadership qualities and ethical values to serve the society.

New Trends- GEN AI

Artificial Intelligence is not a new concept, but it is constantly evolving. Generative AI, in particular, is gaining prominence. Its the technology capable of generating text, images, sounds, animation, 3D models, or other media types, using generative models. The popular examples of Generative AI are Chat GPT, Google-Bard, Dall-E, & Git Hub Copilot. A report by Bloomberg states that the generative AI market is estimated to reach \$1.3 trillion by 2032.

DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

POWERING THE FUTURE, REBUILDING THE WORLD.....

Vision

To evolve as center of excellence in electrical and electronics engineering to produce graduates contributing to state and national development.

Mission

- To provide quality education through innovative curriculum
- To inculcate research culture, entrepreneurial attitude through industry interaction.
- To develop leadership skills and ethical values among students.

New trends

AI & ML in Electrical Engineering:

The modern era of electrical engineering with ML & AI are at the forefront of technology and shaping a more efficient, sustainable, and technologically advanced future. In general, these techniques are basic to precision design when selecting, rejecting, or channelling of energy is important. Nowadays Artificial Neural Networks are specific types of machine learning systems inspired by the structure and function of the human brain. They consist of interconnected artificial neurons (synapses) organized into layers. Each neuron receives inputs, processes the information, and produces an output that feeds into the next layer, allowing the network to learn and make predictions. Deep Learning is also a subset of machine learning based on artificial neural networks with multiple layers, often referred to as "deep neural networks." Deep learning excels at learning representations of data through hierarchies of increasingly abstract features. This hierarchical representation allows deep learning models to excel at tasks such as image recognition, speech recognition, natural language processing, and more.

Patents Published by Faculty

- Dr Venkatesh Yepuri published an Indian patent on Advanced Electrodeposition Method for the controlled growth of ZNO nanorods and ZNO/Cu Hybrid nanostructures, Application No. 202441051451.
- Dr Venkatesh Yepuri published an Indian patent on Semi-Autonomous energy optimization in electric vehicles through machine learning and deep learning, Application No. 202441056320.
- Dr V Madhu published an Indian Patent on "Cloud based deep learning model for predicting battery drain on driving patterns and external factors" in journal dated 19-01-2024, Page no: 6330.

Department Activities

- Students of EEE participated in the inaugural function of Edx Courses offered by APSICHE in collaboration with Govt of AP.

- National Science Day 2024 was conducted in the department

"In Order to carry a positive action we must have a positive vision" - Dalai Lama

DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

POWERING THE FUTURE, REBUILDING THE WORLD.....

- Participated in virtual inaugural function of Silicon FAB CITY, Gujarth by Honourable Prime Minister of INDIA

- Mr K Hari Krishna, II Year Student stood as Winner in Badminton(Singles) in Valiant 2k23, VIT-Bhimavaram on 29th & 30th December.

- Mock NBA inspection done by Dr Mohanthy, Prof/EEE, IIIT Varanasi on 11-06-24.

- Students of III Yr Ms Bhavya & Ms Manasa were selected in ONEYES Pvt Ltd

- NBA Expert team was visited the department for TIER-1 accreditation process.

- II Year EEE students visited an Industrial Plant in Settippeta, A Mini Hydel Power Plant on 25-01-2024.

- III Year EEE Students visited Dr NTTPS, Vijayawada on 05-03-24, an Industrial visit to enrich technical knowledge.

Placements

Students got placements in various MNC organizations such as One Yes Info Tech Solutions, Tefologic, Indure Pvt. Ltd, Desein Pvt. Ltd with attractive package.

S Jagadeeswari,
20A21A0238.

Student's Voice

Being able to study abroad at a reputable UK university, I am really proud to tell about this accomplishment. I appreciate the Swarnandhra College's Management and Faculty in my department who helped me in various ways for the timely guidance in all aspects.

T Hemanth Kumar, 20A21A0239
Pursuing MS, East London, UK.

Student's Focus

- Mr Rajesh, II Yr Student secured the SECOND Prize in Badminton (Doubles) in Aadudham Andhra, an intuitive of Govt of AP 30-01-24.

DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING (CREATORS OF CREATIONS – ASSOCIATION OF ECE)

Vision

- To impart quality technical education for Electronics and Communication Engineering Professionals by enriching technical knowledge to cater the needs of industry and society.

Mission

- To facilitate the graduates in acquiring technical exposure to create innovative ideas through state of the art curriculum and conducive learning environment.
- To provide individual attention and build the character through quality technical education.
- To improve the professional skills of the rural students to fulfil the present industry and society requirements.

New trends in technology

Nano Technology

Nanotechnology is the application of Nano science that deals with the use Nano materials and Nano sized components in useful products. It provides the ability to design custom made materials and products with new and enhanced properties. It has a wide range of application in Nano electronic components, medicines and sensors, and interfaces between electronic and biological system and more.

Alumni's Voice

I am proud to say that our college has the best infrastructure(Labs, Library etc.) with good facilities.Our management provides good training & placement programs. Teaching staff is supportive to the students in all aspects.

Harshitha Reddy Satti
Associate Software Engineer, Pune, Maharashtra, 2019-2023

Student's Voice

I am very thankful to the management for providing good Academics along with training programmes. I am grateful to the faculty for encouraging me throughout my studies.

M. S. V. Rama Krishna
20A21A04D5

DEPARTMENT OF ARTIFICIAL INTELLIGENCE & MACHINE LEARNING

EMPOWERING INNOVATION THROUGH INTELLIGENCE

Vision

- To be a department concentrated on quality education and exploration in Artificial Intelligence & Machine Learning that prepares early professionals contributing to serve the society.

Mission

- To lay a strong foundation of programming knowledge by concentrating on fundamental concepts of Artificial Intelligence & Machine Learning.
- To develop flair for logical thinking and innovative methods to produce software solutions.
- To strengthen employability and entrepreneurship skills.

New Trends

Gemini AI, developed by Google DeepMind, is an advanced artificial intelligence system designed to build on the capabilities of earlier AI models, such as GPT-4. Gemini aims to incorporate a broader range of functionalities and improve on various aspects of AI performance. It was built from the ground up to be multimodal, which means it can generalize and seamlessly understand, operate across, and combine different types of information including text, code, audio, image, and video. Gemini is also the most flexible model yet able to efficiently run on everything from data centers to mobile devices. By integrating advanced learning techniques and optimizing performance across various platforms, Gemini sets a new standard for the versatility and capability of AI systems.

Students' Placements

- 26 students got placements in various MNC's such as VTS Enterprises, Tefologic, VIBSInfosol Pvt. Ltd, VIT Infotech, Tivona Global Technolgies with 8.5 LPA.

A.J. Sri Nikhila and N.Naga Dhanalakshmi were placed in TCS with package 7 LPA.

Students' Certification

- 64 students certified in Java Programming through a comprehensive course organized by Spoken English Tutorial, with expert guidance from Dr. B. Rama Krishna.

Students' Achievements :

- R. Lokesh, R. Ventata Prasanna Kumar, K. Satya Kumar, P. Bhargavi, P. Tulasi Rani students of 2nd year participated in Prajwalan 2k24, a 24 hour National Level Hackathon organized by S.R.K.R Engineering College, BVRM on 17th & 18th Feb 2024.
- K. Neeraja, P. Sushmitha Devi, L. Harshavardhan, V.P. Praneeth, G.K. Bhaskar, U.N.V. RaviTeja, T. Rahul, P. Vinay, K. Amruthavalli 3rd year students participated in PeCan+ Capture the Flag Cyber Security Competition, organized by IIT Madras Research Park, on 5th & 6th March 2024.

Alumni's Voice

I honed my skills and explored emerging trends during my Academic journey. I'm grateful to the management for providing training programmes. Each step forward has brought me closer to a better version of myself.
Jahnvi Sri Nikhila Ananthapalli
20A21A6122, TCS Digital (Batch 2024)

Student's Voice:

I feel very proud to be a part of AIML department. The curriculum emphasizes hands on projects and industry relevant learning to foster innovation in AI-driven applications.
Routhula Lokesh
22A21A6196

MASTER OF COMPUTER APPLICATIONS

PEOPLE WITH PASSION TREND TO BE INNOVATIVE

Vision

- To produce global competent, ethical and dynamic professionals by creating Center of Excellence in Technical Education for societal empowerment.

Mission

- To produce quality education with knowledge and skills for rural and urban students.
- To collaborate the industries with academic for empowering the students to meet global standards.
- To induce highly ethical entrepreneurship in young minds with good leadership quality for the society.
- To enhance the institution in Research and Development by human intellectual capability.

New Trends in Technology

Smart Spaces:

These are physical environments in which humans and technology-enabled systems interact in increasingly open, connected, coordinated and intelligent ecosystems.

Extended Reality (XR):

Extended reality (XR) encompasses virtual reality (VR), augmented reality (AR), and mixed reality (MR), providing immersive training experiences. Industries like healthcare, aviation, and manufacturing use XR for risk-free, hands-on training simulations replicating real-life scenarios. This technology improves learning outcomes, enhances engagement, and reduces training costs.

SCHOOL OF MANAGEMENT STUDIES

Today's Learning Tomorrow Leading

Vision

- To produce capable business leaders by imparting professional quality education who are strong in management and research skills.

Mission

- To provide quality education within an environment of continuous learning to leverage market opportunities and enhance career.
- To inculcate professional and ethical values among students to be successful managers and entrepreneurs.
- To prepare the students to meet global challenges by blending their knowledge, skills and attitudes.

New Trends

Sustainability became an increasing focus for businesses of all sizes, and sustainability programs are often implemented as an element of effective management practices. Businesses adopting eco-friendly measures to reduce carbon emissions and appeal to eco-conscious customers - from cutting waste production and energy consumption down to using materials sourced from sustainable providers - but businesses that fail to embrace sustainable strategies may face disadvantageous competitive conditions as environmental consciousness among their target demographic increases.

Faculty Focus

New Trends

Quantum Computing Set for a 'Sputnik' Moment

Quantum computing is poised for a transformative breakthrough, likened to the "Sputnik" moment in technology by Steve Brierley, founder of Cambridge-based Riverlane. The company recently unveiled the world's first dedicated quantum decoder chip, addressing the critical issue of error correction that has hampered the field. These advancements could revolutionize drug development and create more efficient batteries, helping to combat climate change.

Faculty Achieves New Heights: Three Assistant Professors Embark on PhD Journey

The CSE department is thrilled to welcome three new PhD Part-time scholars as faculty.

Books Publication by Faculty

- The book "Data Structures in Java: Top 100 Programming Questions and Solutions" by Srinivasulu Pamidi and Venkateswarlu Chennareddy is an essential resource for anyone preparing for programming interviews, particularly in the tech industry.
- It emphasizes the importance of data structures in computer science and provides a comprehensive collection of real interview questions that are frequently posed by leading tech companies.

Key Features

- Focused Content:** The book is designed to help readers build a solid foundation in various data structures, which are crucial for solving complex programming problems.
- Practical Approach:** It includes 100 programming questions that cover a wide range of topics, allowing readers to practice and enhance their problem-solving skills.
- Interview Preparation:** The questions are curated to reflect the types of challenges candidates might face during technical interviews, making it a valuable tool for job seekers in the software development field.

Target Audience

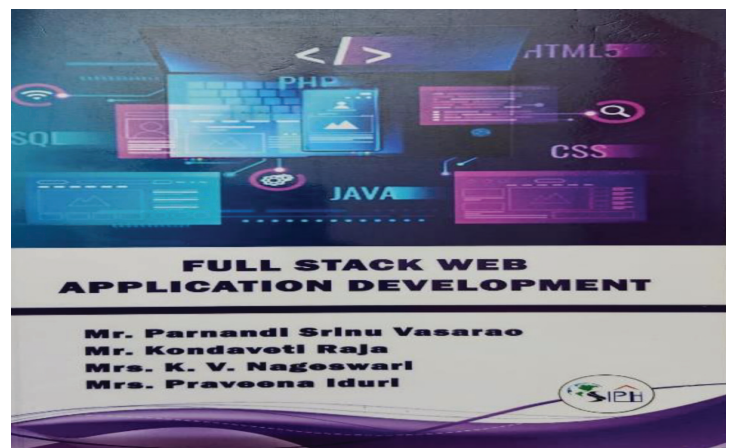

- Students studying computer science or related fields.
- Job seekers preparing for technical interviews in software development.
- Professionals looking to refresh their knowledge of data structures and algorithms.

"Data Structures in Java: Top 100 Programming Questions and Solutions" serves as a practical guide for mastering data structures and excelling in programming interviews, making it a must-have for aspiring software engineers.

- We are excited to announce that our faculty, Mr. P. Srinu Vasarao and I. Praveena published a new book titled "Full Stack Web Application Development" (ISBN 978-93-5757-406-8) in 2023 through SIPH.

Key Highlights:

- Step-by-step guidance from basic concepts to advanced techniques.
- Hands-on projects to apply what you've learned in real-world scenarios.
- Best practices in building secure, responsive, and scalable web apps.
- In-depth coverage of front-end and back-end development using modern frameworks and tools.

This book serves as a comprehensive guide to modern web development, covering essential topics from front-end to back-end technologies. It is a valuable resource for both students and professionals looking to enhance their skills in this field. Congratulations to Mr. P. Srinu Vasarao and Praveena on this remarkable achievement! Be sure to check out their book for insights into full stack development.

Department Activities

Dr. S. Ramanarayana Reddy, the esteemed Head of the Department of Computer Science and Engineering at Indira Gandhi Delhi Technical University for Women (IGDTUW), recently graced Swarnandhra College of Engineering and Technology with his presence. His visit, spanning two days, was marked by a highly impactful Faculty Development Program on NBA Accreditation.

Throughout the program, Dr. Reddy conducted a comprehensive mock inspection of the NBA for the CSE department, providing invaluable insights and guidance to faculty members. His expertise and keen understanding of the accreditation process were instrumental in aligning the department's practices with NBA standards.

In addition to the rigorous accreditation focus, Dr. Reddy also dedicated time to guide and inspire research activities within the CSE department. His commitment to fostering academic excellence and innovation was evident as he shared his knowledge and encouraged faculty members to pursue cutting-edge research.

Dr. Reddy's visit left an indelible mark on Swarnandhra College, and his contributions are sure to elevate the institution's academic standards and research capabilities.

Students Achievements

Jarugu Leela Sriram (Roll No: 22A21A0550) and a team of 10 participated in the AI DAYS 2024 Conference held on 30th March 2024 at JNTUH Auditorium, securing a Participation Certificate.

Jarugu Leela Sriram was awarded 1st Position as the Best NSS Volunteer on 15th August 2024 at SCET, Seetharamapuram.

Together with fellow students, Jarugu Leela Sriram contributed to a written and published book aimed at I B.Tech students for NSS on 16th February 2024 at the S&H Department.

In a commemorative Parade on Independence Day held on 26th January 2024, Jarugu Leela Sriram and his team secured 1st Position, demonstrating their team spirit and patriotism.

These achievements reflect the dedication and hard work of our students, who continue to excel in academics, extracurricular activities, and community service. Congratulations to all the participants for their significant accomplishments!

Celebrating Women's Day with Inspiring Leadership: JD Lakshmi Narayana at SCET

On March 8th, 2024, in honor of Women's Day, the Department of Computer Science and Engineering (CSE) at Swarnandhra College of Engineering and Technology (SCET) welcomed a distinguished guest, Vasagiri Venkata Lakshminarayana, affectionately known as JD Lakshmi Narayana. An esteemed retired police officer and politician from Andhra Pradesh, JD Lakshmi Narayana's visit was a source of immense inspiration for the students and faculty.

Addressing a vibrant gathering of young girls and women faculty members, JD Lakshmi Narayana shared his profound insights and experiences. His speech resonated with messages of empowerment, resilience, and the importance of pursuing one's dreams with unwavering determination. His presence served not only as a testament to the achievements of women in various fields but also as a powerful encouragement for the next generation of female leaders.

I am thankful to the management for providing opportunities, access to excellent collaborative projects and exposure which helped me to gain technical and life skills as well.

M. Teja Sri, Software Engineer, Tefologic
(2020-24 Batch)

Student's voice

Our college helps us to grow both academically and personally with a supportive environment. We are guided by expert faculty and have access to modern labs for practical learning.

DEPARTMENT OF SCIENCE AND HUMANITIES

Vision:

- To improve knowledge of basic sciences besides, enhancing communication skills of the students.

Mission:

- To develop language proficiency of the students by focusing on LSRW skills.
- To enrich mathematical and scientific knowledge of the students in maths, physics and chemistry.
- To learn ethical and social awareness by studying Ethics and Environmental Sciences.

Faculty Focus:

- Dr. N. Gnana Praveena, Associate Professor participated a Five day online Faculty Development Program on "Sustainable Nano materials Engineering for Environmental Applications" organized by Physics division, Department of Basic Sciences & Humanities in collaboration with Centre for Nanotechnology, Indian Institute of Technology Guwahati under INUPI2i program from 22 - 26 April, 2024.
- Mr. K. Koteswara Rao, Asst. Professor attended International Conference on Recent Trends in Science and Engineering (ICRTSE)" Organized by Govt V.Y.T. PG Autonomous college, Durg & IIT Bhilai Presented a paper entitled "Photoluminescence Studies on Gd3+ doped Ca3Al2O3 Phosphor" during 8th -10th February 2024
- Dr. Zehrabi, Professor, Published a paper in Forum for Linguistic Studies entitled Select Pairs of LVS Of Telugu and Kanada, Vol 6, Issue 1, ISSN:2705-0610, E-ISSN:2705-0602, May 2024.
- Dr. Zehrabi, Professor, participated in a one Week Workshop in Inter National Workshop on Crafting Knowledge: A

Comprehensive Guidance on research Design & Academic Writing for humanities& Social Sciences from 18th to 24th March 24.

- Dr. Zehrabi, Professor, participated in a one day Workshop in Inter National Workshop on National Education Policy (NEP) 2020: A Workshop for Educators on 15th March 2024.
- Dr. Zehrabi, Professor, participated in a Workshop in Inter National Workshop on New Dimensions for Augmenting English- Speaking Skills in 12 Contexts from 26th to 27th April 2024.
- Dr. Zehrabi, Professor, participated in a two Week Faculty Development Programme on Enhancing pedagogical & professional practices among language educators from 18th to 29th to 4th Feb. 2024.
- Dr. Zehrabi, Professor, participated in a Workshop in Inter National Workshop on How to prepare research outline on 27th July, 2024.
- P. Thripureswari, Asst professor published a paper on " The History of Australia and its Literature, Scopus Indexed Q3 Journal, Jan to June 2024.
- P. Thripureswari, Asst professor published book chapter named " Barbara Baynton's Squeaker's Mate: A Study" with ISBN: 978-93-91420-50-5 in July 2024.
- Dr. E. M. Victoria, Asst Professor published a paper on "Irreversibility Analysis for EMHD flow of silver and magnesium oxide hybrid Nano fluid due to non linear thermal radiation" in International journal of Modern Physics B on 27th March 2024.
- N.Lavanya, Asst. Professor attended Professional Development Programme on "Instructional design and Delivery systems" conducted by National Institute of Technical Teacher's Training and Research, Chennai from 11-3-2024 to 16-3-2024 at Swarnandhra College of Engineering and Technology, Narsapur.

TRAINING PROGRAMMES DURING THE YEAR 2024

Vision

- To evolve the students of Swarnndhara with a winning personality and stunning intelligence, and to mould them in to an organised and confident Professionals.

Mission

- To develop the employability skills of technical under graduates with their interpersonal attributes which are to be acquired by the learners during their training period. Training & Placement Cell is the most prestigious cell in our College and it is full-fledged with diligent and talented executives who work in tandem with distinct departments of the college and the industries to build a bridge and remove the gap between the academia and the corporate world. The cell ensures that the students of B.Tech., M.B.A., and M.C.A., are well trained in soft skills, life skills and communication skills by certified trainers from reputed organizations and prepare well before they step into the job arena.

SWARNANDHRA POLYTECHNIC COLLEGE

EMPOWERING SKILLS... ENRICHING FUTURE

Vision:

- To Develop Engineering Professionals Competent to face the global challenges in a progressive environment conducive to acquire technical knowledge and skills blended with ethics and values to serve the society and for a happy and comfortable living.

Mission:

- To make the students understand basic concepts underlie in Engineering and able to apply them creatively in different fields of Engineering.
- To train the students sensitive to the environment, safety and economic context.
- To produce technically skilled students through intensive training in Engineering tools & application and to prepare them for professional career and further research.
- To provide opportunity to diploma students who are capable of playing pivotal roles in wide aspects of modern engineering.

Placements:

Our 2021-23 batch students were selected for 4 companies in the AY-2023-24. In JBM group 3 students got placed with 1.9 LPA, 10 students were hired by V-Pack Automation with 1.9LPA and 65 students were recruited in Sunglare Technologies with 2.3LPA and 20 students were placed in Tech In IT Pvt. Ltd with 2.0 LPA. All the eligible students actively participated in all centralized drives arranged by SBTET i.e HL AnandMando, Efftronics and Servo Medha etc.,

Industrial Training:

Students of III DME(2021-23 Batch) completed Industrial training in May 2024 as per the APSBTET norms. All 32 students gained industrial knowledge in their training and acquired skills from hands-on practice. They were paid stipend of Rs.12 thousand per month in several companies like Hundai steel, UmedhPharma, Rane Breaking Systems, Aero space, Royal Enfield, Maruthi Suzuki show room, etc.. In this period a few faculty members visited all industries for the 1st and 2nd assessments.

SWARNANDHRA POLYTECHNIC COLLEGE

EMPOWERING SKILLS... ENRICHING FUTURE

Innovation Club

Our students completed project work in their V semester and demonstrated the working in innovation club. They formed into 6 teams with a group 5 members in each team. All the projects are displayed to all staff & students along with the innovation club members and received their appreciation and valuable suggestions.

7	Mrs.B.Sharmila	Workshop of Teaching Methodology	Dr.C.R.Nagendar Rao	11/03/2024

Extra-Curricular and Social Services Activities:

As a part of social responsibility the I year polytechnic students celebrated National Voter's day on 25th Jan., National water day on 14th April 2024. They created awareness among the public with placards on importance of vote, how to save water and need to Ban plastic to protect our environment.

POLYTECHNIC ANNUAL DAY:

SAMSKAR- 2K4 was celebrated on March 16th 2024 in the basketball court Prof (Rtd) Dr. C.R. Nagendra Rao, NITTR was the chief guest of the day. He motivated the students by stating the advantages of polytechnic education and appreciated the college for placing 60% of the eligible students in final year diploma.

I YEAR STUDENTS SUMMER INTERNSHIP:

URBAN SERVICES OF
Police and fire protection & To
known About fire Rescued Team

I YEAR STUDENTS SUMMER INTERNSHIP:

All the I year DCME, DECE, DAIM, DEEE and DME students participated in 2 week summer internship during May/June 2024 as prescribed by the SBTET. They visited Fire Station to know how the fire engine works and how to save people's life. They also visited Water Plants and understood about RO system and how they treat and supply drinking water to people. A few visited municipality office to know about sanitation. A few of them visited schools to identify their problems and a few went to agricultural fields to identify the problems of the problems etc to find out technological solutions.

IEEE SWARNANDHRA STUDENT BRANCH

Advancing Technology for future generation....

Vision

IEEE will be essential to the global technical community and to technical professionals everywhere, and be universally recognized for the contributions of technology and of technical professionals in improving global conditions.

Mission

IEEE's purpose is to foster technological innovation and excellence for the benefit of humanity.

Student Branch Activities

- Sankranti Celebrations 2024 were conducted by Student Branch along with Women In Engineering affinity Group.

- Information Theory Society Chapter (SBC64622D) was formed in IT Department and is inaugurated on 14-02-2024.

- PES Chapter Student members participated in Project Expo as part of IEEE International Conference organised at Sasi, Tadepalligudem.

- Computational Intelligence Society (SBC64622E) Chapter was formed and was inaugurated in AIML Dept on 28-03-2024.

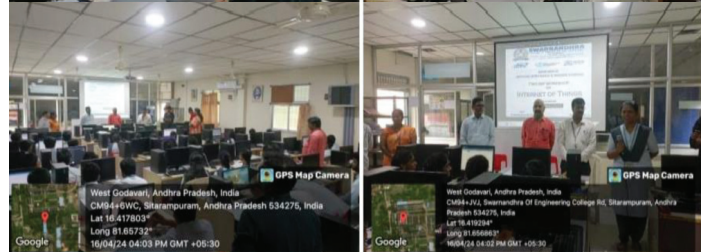

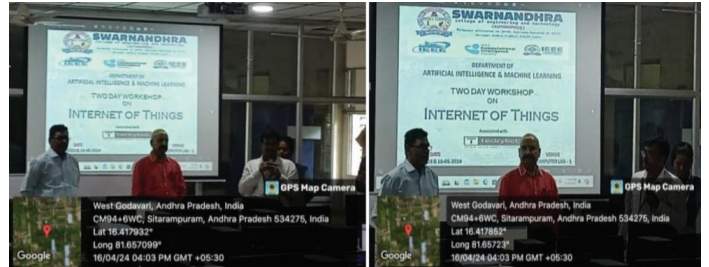

- Industrial Visit by PES, IAS Jt Chapter to Minil Hydel Power Plant on 25-01-2024.

- Industrial Visit by PES, IAS Jt Chapter to Dr NTTPS on 05-03-24.

- IOT Workshop was conducted by Computational Intelligence Society (SBC64622E) on 15-04-2024.

- IEEE SB Excom committee meeting was arranged and Dr Siva Kumar, Chair CS Chapter, Vizagbay Section addressed the gathering.
